#### Overview:

This report describes Individual Placement and Support/Supported Employment (IPS/SE) services. The fidelity review is considered an integral component to complement and validate self-fidelity measures and is intended to promote and assure fidelity to the Dartmouth IPS model and compliance with the Community Mental Health Agreement (CMHA).

#### **Executive Summary:**

(Enter brief summary of review results)

This self-assessment was completed by the QI Manager, SE Coordinator and SE Facilitator October 2016 and revised on December 15, 2016 which produced the following results:

Fidelity self-assessment score = 112

Fidelity scores have improved greatly across the board particularly in the following areas:

Employment services staff

Role of employment supervisor

Agency focus on competitive employment

Executive team support for SE

Work incentives planning

Individualized job search

Competitive jobs

Time-unlimited follow-along supports

Assertive engagement and outreach by integrated treatment team

Scores declined and/or the agency focus is currently on:

Rapid job search

Job development – frequent employer contact

Community-based services

Overall, we are pleased with our accomplishments despite barriers such as staff turnover and reporting.

This review resulted in a Fidelity rating of:	Good
Out of a possible 125 points the Center scored:	112

#### Method:

This review consisted of:

The Supported Employment Team Facilitator, Kim Bruneau completed the report with assistance from Elena Morrison, Quality Improvement Manager. Employment Specialists were consulted and data was gathered to complete the report. The report was reviewed prior to submission by Clinical Coordinator, Carrie Chandler, Clinical Operations Officer, Celia Gibbs and Director of Quality Improvement, Kim Giles.

The Supported Employment Fidelity Scale is divided into three sections: including staffing, organization and services. Each item is rated on a 5-point response formation ranging from 1= no implementation to 5= full implementation with intermediate numbers representing progressively greater degrees of implementation. The following sections address the three areas based on the review.

Agency Support:	(Describe organizational support for the program, leadership, and activities to support and improve the program)  The agency leadership is supportive of our program. Members of our Executive Team attend the quarterly Steering Committee Meetings. We presented SE outcomes to the Executive Team in July, 2016 and will present updates in January, 2017.
Staff Training and Orientation:	(Describe orientation program for direct and indirect staff that is specific to the program)  The SE Facilitator has been meeting individually and in small groups with new hires to give them an overview of the SE program and to encourage referrals. A monthly SE Orientation meeting began October 27, 2016 to replace this process. New agency personnel are eager to learn about the program and referrals have increased.
SE Staff Motivation:	(Describe the program staff's commitment and motivation to consumers service and their achievement of successful employment) We have a newly formed SE Team with each Employment Specialist committed to clients and their success. We have also hired two additional Employment Specialists, with start dates by 02/17. This will create a larger SE team than we have previously had in our agency. Currently 35% of clients receiving SE services are employed. Team members meet with each other's clients if one of us cannot be at an appointment due to absence or vacation. Outreach efforts are increasing in an effort to engage clients. We are contacting clients that are on the wait list for SE services to connect with them prior to receiving services. Staff are eager to attend trainings including a 2 ½ day SE Leadership training,

	motivational interviewing, ACRE, Vocational Rehabilitation training related to job shadowing, veterans' trainings, LEAP training, and Domestic Violence training. QI also created an Outreach Protocol for all SE trained staff and provided training, which has increased documentation pertaining to the use of SE billable and non-billable codes.
SE Leadership:	(Describe the SE Leadership and their activities to support the success and improvement of the program)  We have a newly formed Steering Committee of over 10 participants and growing. The Coordinator and Facilitator of the SE program have both been instrumental in creating this committee. There has been consistent representation from a member of the Executive Team, GBH QI Team and community members including a local judge from the district court, deacon from a local church and a staff member from Laconia Adult Education. We are working with our new SE Team to provide training and encourage the team to increase job development in an effort to determine what additional employment opportunities are available. Supervision for each Employment Specialist occurs weekly and supervision of the SE Facilitator also occurs on weekly basis. We also have a weekly SE Team meeting where we share job leads, problem-solve about difficult-to-place clients and discuss recent trainings with other members of the team.
SE Services:	<ul> <li>Our services include:</li> <li>Completing the SE Vocational Assessment</li> <li>Creating and revising resumes</li> <li>Sharpening client interview skills</li> <li>Meeting with employers in the community to determine what jobs are available</li> <li>Educating clients about presentation when meeting an employer</li> <li>Assisting with the application and enrollment process for education and training programs</li> <li>Accompanying clients to job interviews as desired</li> <li>Connecting clients to community resources: <ul> <li>Laconia Adult Education</li> <li>Lakes Region Community College</li> <li>Hyslop &amp; Associates (Computer education)</li> <li>WorkReadyNH</li> <li>Vocational Rehabilitation</li> </ul> </li> <li>Online employment exploration as needed to determine a career path including labor market research</li> <li>Job search- based on client preferences</li> </ul>

#### Areas of Focus:

(Describe the areas of focus the Center wishes to prioritize for improvement in the coming year as a result of this review; include any recommendations for each area)

- Improve relationships with employers in our community; develop an Employer Engagement Protocol by February 2017.
- Improve outreach to new potential SE clients; intake clinicians will engage in SE education and complete referrals as applicable and document discussions in the client record by February 2017.
- Obtain monthly SE related reports from IT to monitor fidelity related progress beginning January 30, 2017.
- In process, a plan to report SE related questions on the quarterly for discussion and assess changes in motivation by February 2017.
- Complete and update vocational assessments and assessment updates for all clients by February 1, 2017.
- SE and QI to work together to develop a plan to target areas in need of improvement and ongoing training to include systematic tracking of all SE related efforts by February 2017.
- Develop annual training schedule to increase SE staff skill level related to all required SE tasks including ACT staff who are trained to provide SE by March 2017.
- Expand development of SE groups to include curriculum planning by March 2017.

#### **Staffing**

#### 1. Caseload Size

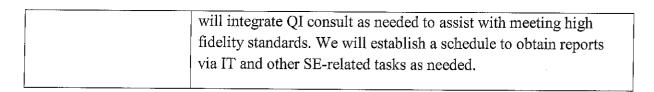

Employment specialists have individual employment caseloads. Rating = 5 out of 5		
The maximum caseload	g	
is 20 or fewer clients.		
Comments:  We currently have 3.5 FTE's on our SE team (4.5 FTE's untite October 21, 2016). At the end of October, we experienced some changes in SE staffing, but we have been interviewing potential candidates for an open position. The loss of one Employment Specialist has created a waitlist of 20 clients waiting for SE services. This shows that non-SE staff within our agency has recently increased referrals to our program, does to increased staff training, updating of SE brochures, and presentations at team meetings. Caseloads are as follows: J. 1 L. 21, A. 23, K. 14. Many of these clients are newly assigned and although outreach attempts have been made and documented. We have each had more than 20 active clients not to exceed 25 per the Supported Employment fidelity scale standards as outlined in the SAMHSA tool kit. 	that are currently receiving SE services, and encourage team	
	members to consider employment with their clients that are not	
	currently receiving SE services. Sample goals and objectives for	
ISP's are distributed to each clinician in our agency on a re-		
•	basis to encourage program referrals. Outreach to clients that have	
	recently had an intake has begun, and internal referral forms are	
	currently in use. Each client that is currently receiving SE services	
	has employment documentation integrated into his/her electronic	
	medical record. Recent development of an SE tab in Essentia will	
assist with increased organization of SE related documentation		
also have a newly improved employment flyer (enclosed) that		
	outlines the benefits of employment. It is being distributed to	
	clients within staff offices including waiting rooms for increased	
	program exposure.	
Sources of	SE Facilitator	
Information:		
Recommendations:	We have monthly SE instruction scheduled for new staff to	
	familiarize them with the SE program and to increase referrals. We	
	will continue to encourage staff to ask questions about their clients	
	that are eager to work. One Employment Specialist is assigned to	
:	each clinical team and attends a weekly meeting where individual	
	clients are discussed.	

## 3. Collaboration between Employment Specialists and Vocational Rehabilitation.

Employment specialists and VR counselors have frequent contact		Rating $= 5$ out of $5$
for the purpose of discus	sing shared clients and identifying	
potential referrals.		
Comments:	Employment specialists contact the VR co	ounselors as needed to
	discuss clients and their progress. Commu	unication happens through
email and phone calls. Our SE team has monthly meeting		nonthly meetings
scheduled with our VR counselor. When		clients have scheduled
VR meetings with their VR counselor, we sit is		e sit in on those
appointments to ensure that we are involved in the clie		red in the client's
	employment plan.	
Sources of	SE Facilitator	
Information:		

Recommendations: Employment Specialists will continue to encourage clients to	
	contact VR counselors to reschedule missed appointments. We will
	increase collaborative efforts to best serve clients and meet their
	SE needs. We will improve communication with VR to build
	stronger foundation for efficient service delivery.

#### 4. Vocational Unit.

comprise the employment unit. They have weekly client-based			
group supervision based	on the supported employment model in		
which strategies are iden	tified and job leads are shared. They		
provide coverage for each	h other's caseload when needed.		
Comments:	We currently have 3 full-time Employme	nt Specialists and one	
	Team Leader (Facilitator), who is conside	ered a half-time	
	Employment Specialist (4.5 FTE's). We r	neet as a team weekly to	
	brainstorm ideas for difficult-to-engage cl	lients, celebrate clients'	
	successes, and share job leads. We provid	le coverage for each	
	other's caseload as needed. One of our Employment Specialists		
	creates a Jobs Report weekly for clients a	nd agency staff to share	
	with their clients. We are in the process of	f hiring two additional	
	Employment Specialists that will increase	our team to 5.5 FTE's.

Information:			
Recommendations:	Continue to meet weekly to discuss difficu	ult-to-place clients. We	
	create a "Jobs Report" weekly. The report	is a list of available jobs	
	in our community. It is circulated to client	_	
	clinical staff.		

#### 5. Role of Employment Supervisor.

Supported employment unit is led by a supported employment Rating = 5 out of 5			
team le	team leader. Employment specialists' skills are developed and		
improv	improved through outcome-based supervision. All five key roles		
of the e	mployment supervisor are present.		
X	One full-time supervisor is responsible for no more than 10 employment specialists.		
	The supervisor does not have other supervisory responsibilities. (Program leaders

X	Supervisor revi	lews current client outcomes with employment specialists and sets be program performance at least quarterly.
	Comments:	The SE team leader (Facilitator) attends a team meeting weekly. Each Employment Specialist meets with the Facilitator weekly for 30 minutes of supervision. The Facilitator accompanies Employment Specialists occasionally if having difficulty with a client or needs assistance with job development. Feedback is given if needed. Job starts are celebrated and we brainstorm ideas for hard-to-engage clients and discuss strategies to assist in motivating clients. We review current outcomes and set goals to improve future outcomes.
	Sources of Information:	SE Facilitator
Rec	commendations:	We are currently working with the IT department on obtaining SE monthly reports to monitor program progress and identify areas needing improvement. QI is available for consult as needed and will continue to monitor fidelity standards on a quarterly basis.

#### 6. Zero Exclusion Criteria

All clients interested in working have access to supported Rating = 4 out of 5		
employment services regardless of job readiness factors,		
substance abuse, symptoms, history of violent behavior, cognition		
impairments, treatment non-adherence, and personal presentation.		
These apply during supported employment services, too.		
Employment specialists offer to help with another job when one		
has ended regardless of the reason that the job ended or the		
number of jobs held. If VR has screening criteria, the mental		
health agency does not use them to exclude anybody. Clients are		
not screened out formally or informally.		
Comments: Our SE program has a zero exclusion policy. Any client that is		

	interested in working is able to access our services. We assist clients with finding more suitable employment if their current job is not right for them, and we help them find new jobs when their job has ended, regardless of the reason.
Sources of	SE Facilitator
Information:	
Recommendations:	We plan to improve our ability to determine which of our non- engaging clients are no longer interested in receiving SE services. This may happen through conversations with members of the client's team or meeting with a client during a case management or therapy appointment. We will also increase outreach attempts for potential re-engagement.

annual newsletter welcomes stories from clients about their recovery. We have had 2 clients come to our All-Team Meeting this year to tell their recovery stories and discuss how the SE program has encouraged them to pursue their goals. The SE Facilitator received positive feedback from clinicians about this presentation. We have improved on our reporting of employment outcomes to agency leadership and staff. In the future, we hope to record an interview with a client, to tell his/her success story that would be displayed on the agency televisions currently in our waiting rooms. This would assist with referrals and increase program visibility. We have invited clients to join our Steering Committee and share their experiences within the program. This client integration at the meetings will continue to further exemplify the positive impact of the Supported Employment program. ## 10. Competitive Jobs.

Employment specialists	provide competitive jobs options that	Rating = 5 out of 5
have permanent status ra	ther than temporary or time-limited	_
status, (e.g., transitional	employment positions). Competitive	
jobs pay at least minimu	m wage, are jobs that anyone can apply	
for and are not set aside	for people with disabilities. (Seasonal	
jobs and jobs from temper	orary agencies that other community	
members use are counted	l as competitive jobs.)	
Comments:	We do have a "work group" a group of 7	clients that works for
	GBH, doing cleaning, outdoor work, occa	sionally stuffing
	envelopes, etc. These are the only non-co	mpetitive jobs for which
	clients are currently employed. We contin	ue to encourage each
	client to pursue competitive employment.	We have seen benefits

	for these clients. They have formed a positive working relationship, gathering outside of work and providing natural supports within the work place. One refers to work hours as "group therapy." They are a very cohesive group and have found friends in the group that they might not otherwise have existed.

Supports are provided b	y a variety of people including treatment	
team members (i.e., me	dication changes, social skills training,	
encouragement), family	, friends, co-workers (i.e., natural	
supports) and employme	ent specialist. Employment specialist also	
provides employer supp	ort (e.g., educational information, job	
accommodations) at clie	ent's request. Employment specialists	
offer help with career de	evelopment, i.e., assistance with	
education, a more desira	ble job, or more preferred job duties.	
Comments:	Many of our clients have told us that they	do not want to disclose
	to employers about their mental illness. V	We are not often involved
